“It does not matter how slowly you go, as long as you don’t stop”

Founded in 2013 , Hypervision is the only Chapter created in UPES under the mentorship of Dr Manish Prateek and other faculties . Featuring zero membership fees, UPES-Hypervision is initialized to serve the purpose of peer mentoring which gave students a platform where they could explore and go beyond their friend circle. The family culture aims towards creating a strong alumni base which nurtures and improves the skills of students. Our most popular technical events are Code Hustle, Hackathon, Reverse coding and many more.

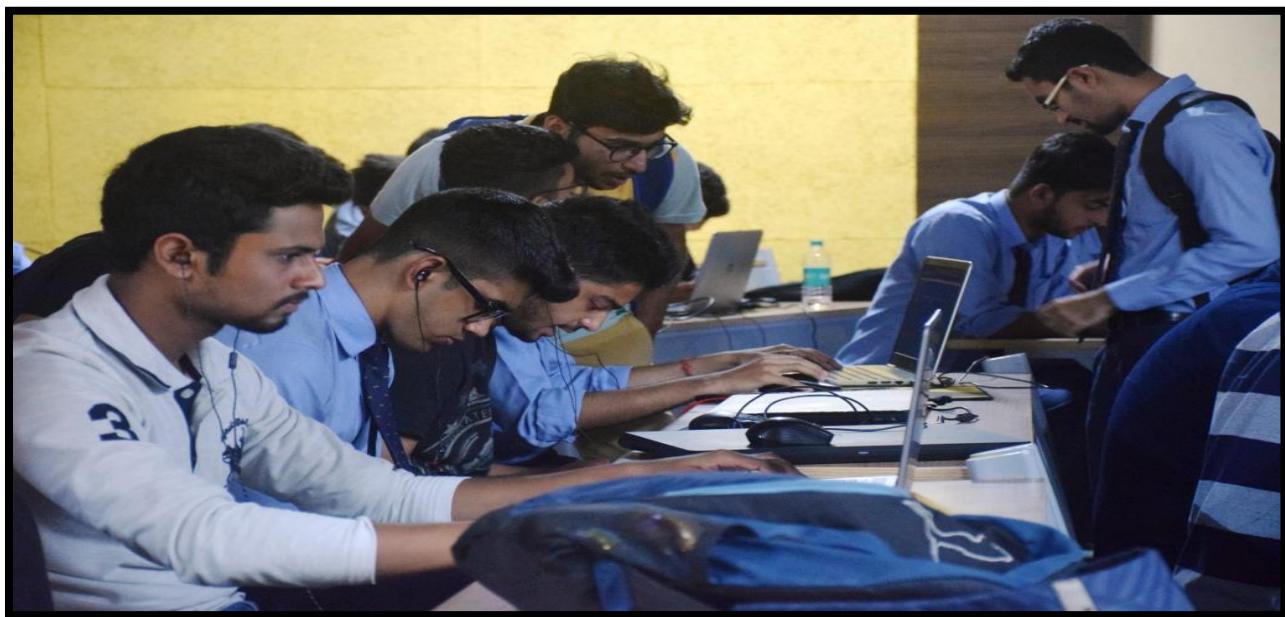

EVENTS

PUB-G College Arena

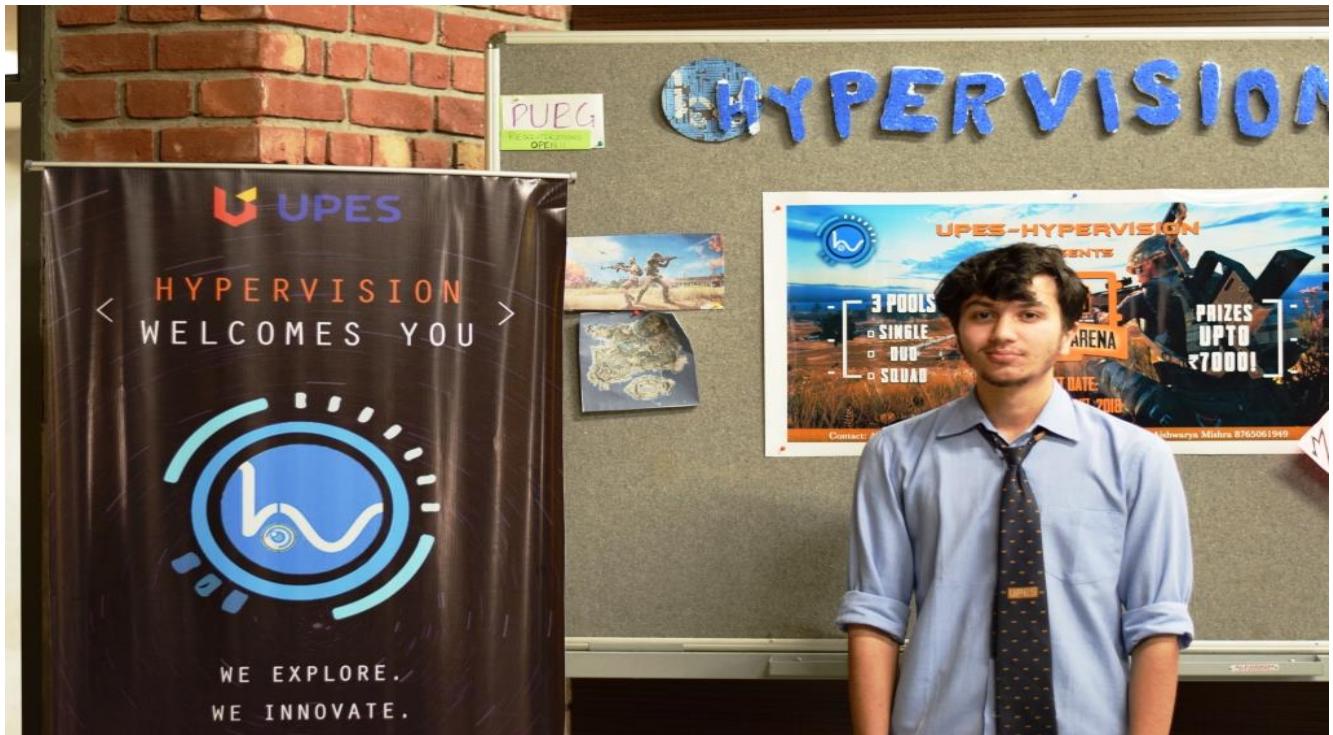

Contact: Anvesh Chauhan (8827620585), Muskan Kamboj (9837425541), Aishwarya Mishra 8765061949

Hypervision organized PUB-G College Arena, an online gaming event on 21st September '18 under the category of Single , Duo and Squad. The competition followed the traditional methods, where participants fought in battle royale to be the last player standing. The competition was divided into 2 rounds.

Round 1

A knockout round-conducted in the Classic-mode on the Erangel map. Each player tried hard to get in the top positions to qualify for the next round. The round will be played in private room.

Round 2

This round needed the shortlisted teams to play in a private room for each category. The participants fought hard to have the maximum number of kills to win.

EVENT

CODE HUSTLE v6.0

*Year 2019 brought an exciting start for Hypervision with the engaging and challenging **Code Hustle v6.0**. The event was conducted in collaboration with **CodeChef**. The competition was organized in the campus for students to actively tangle their minds and bring in new & optimized solutions to everyday problems. The participants had the liberty to select from any of the following languages: **C, C++, Java, and Python**. Code Hustle was organized in **2 Rounds**, with the First Round being scheduled for 13th Feb' 19 and Second Round on 20th Feb' 19. The participation could be in a team of two or for an individual.*

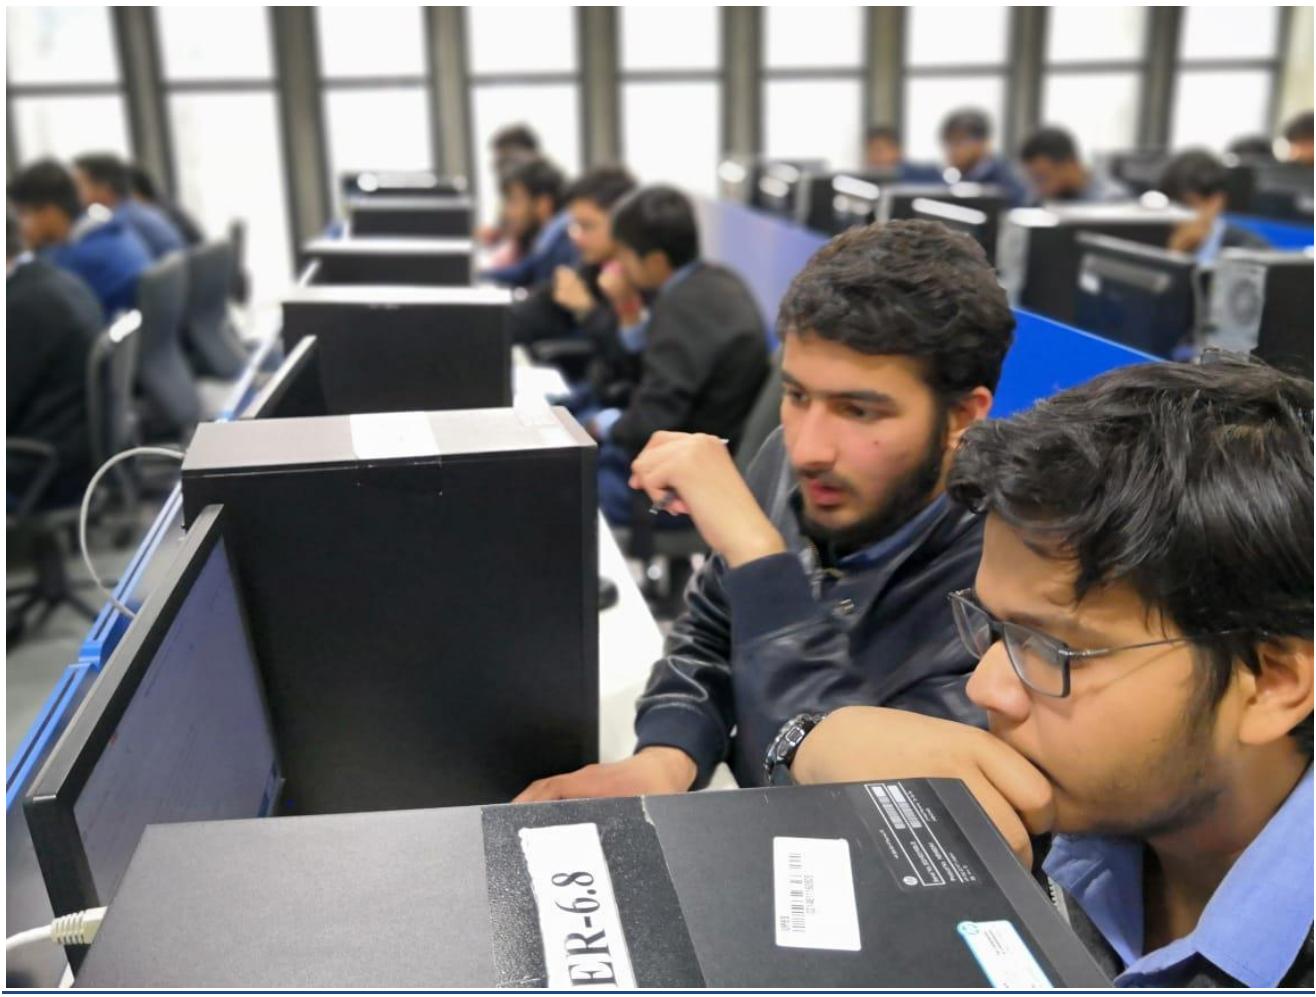

Round 1

The round was conducted off-campus wherein participants could log on to www.classmarker.com with a unique registration ID. After login the student was presented with a set of 60 MCQ's designed with the aim to test the conceptual knowledge of the participant. The time-limit for the test was 90minutes. 4 teams from each language were shortlisted for Round 2.

Round 2

The round saw an active participation from the shortlisted participants of Round 1. It was conducted on campus with the focus on the real-life application of the programs. The teams were given with a set of 7 problems of which they had to solve any 6. The winners were decided by our judges on the parameters of the number of problems solved and optimization of the codes.

Event Summary

Event Date- Round 1(13th Feb '19), Round 2 (20th Feb '19)

Venue- Round 1(online @ www.classmarker.com), Round 2(IT-Tower 201)

3rd Position: Rishabh Chopra and Shubhank Tyagi (3rd Year , IOT)

EVENT

FACE OFF CODE

*UPES Hypervision came up with the most captivating and interesting **Language Independent Coding Event, Face Off Code**. The competition was organized in the campus for students to actively entangle their minds and bring them a zeal to solve various competitive problems in the least possible time so as to beat their respective opponents. The participants had the liberty to select any language they wish to code on. Face Off Code was organized in **2 Rounds**, with the First Round being scheduled for 15th April' 19 and Second Round on 16th April' 19. The participation could be in a team of two or for an individual.*

ROUND 1

The round was conducted off-campus wherein participants could log on to www.classmarker.com with a unique registration ID.

The students were presented with a set of 60 MCQ's designed with the aim to test the conceptual knowledge of the participant.

The time-limit for the test was 60 minutes.

8 teams were shortlisted for Round 2.

ROUND 2

The round saw an active participation from the shortlisted participants of Round 1 which were divided into **2 pools**. Two teams from the same pool will face each other with a **series of questions** from the already **drafted question bank**, in a match of **20 minutes each**. The teams will have the following options:

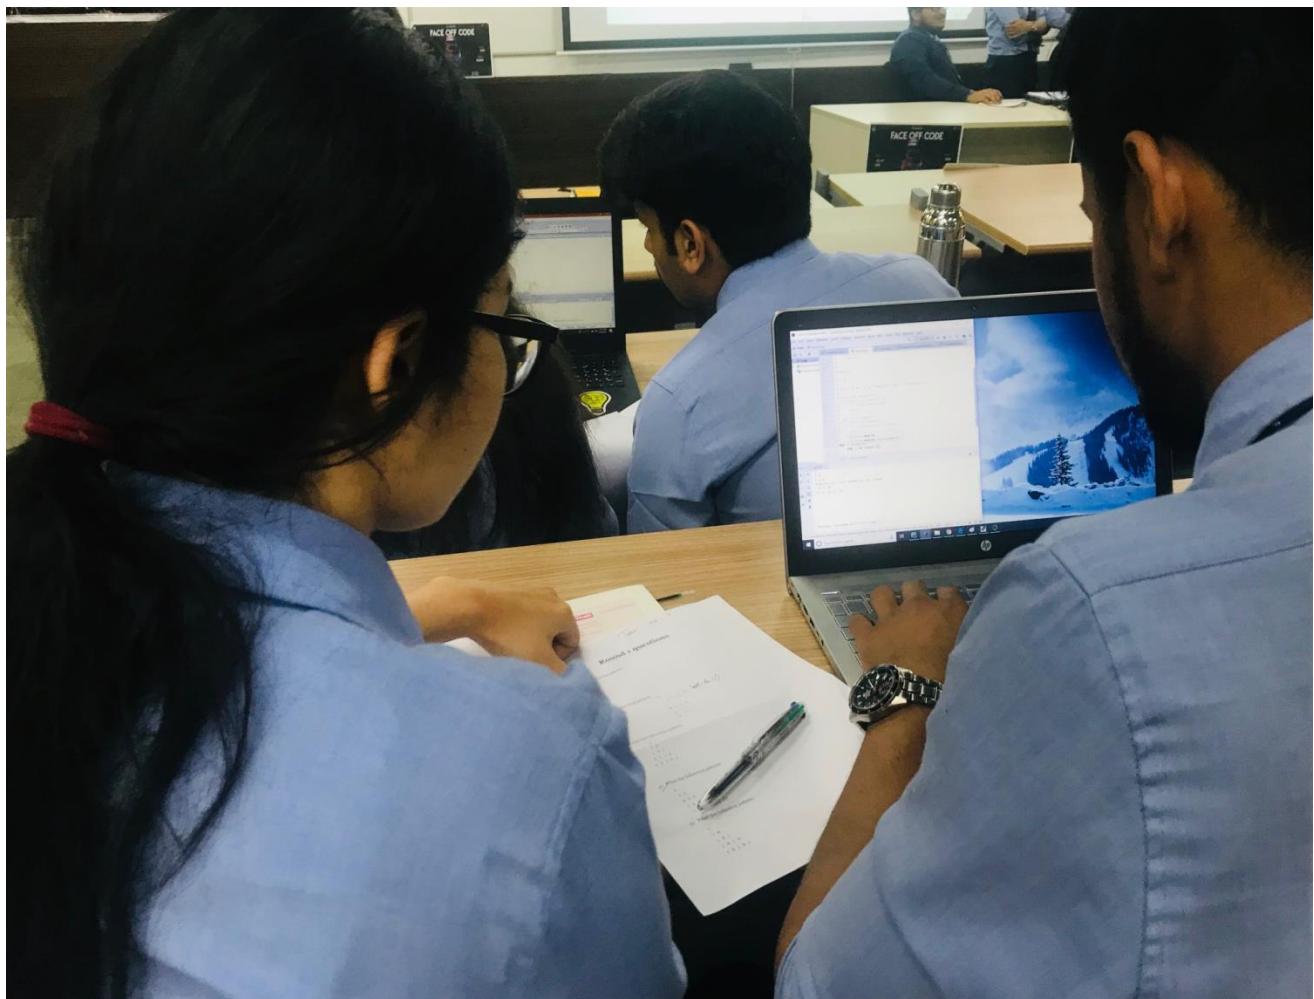

FLIP

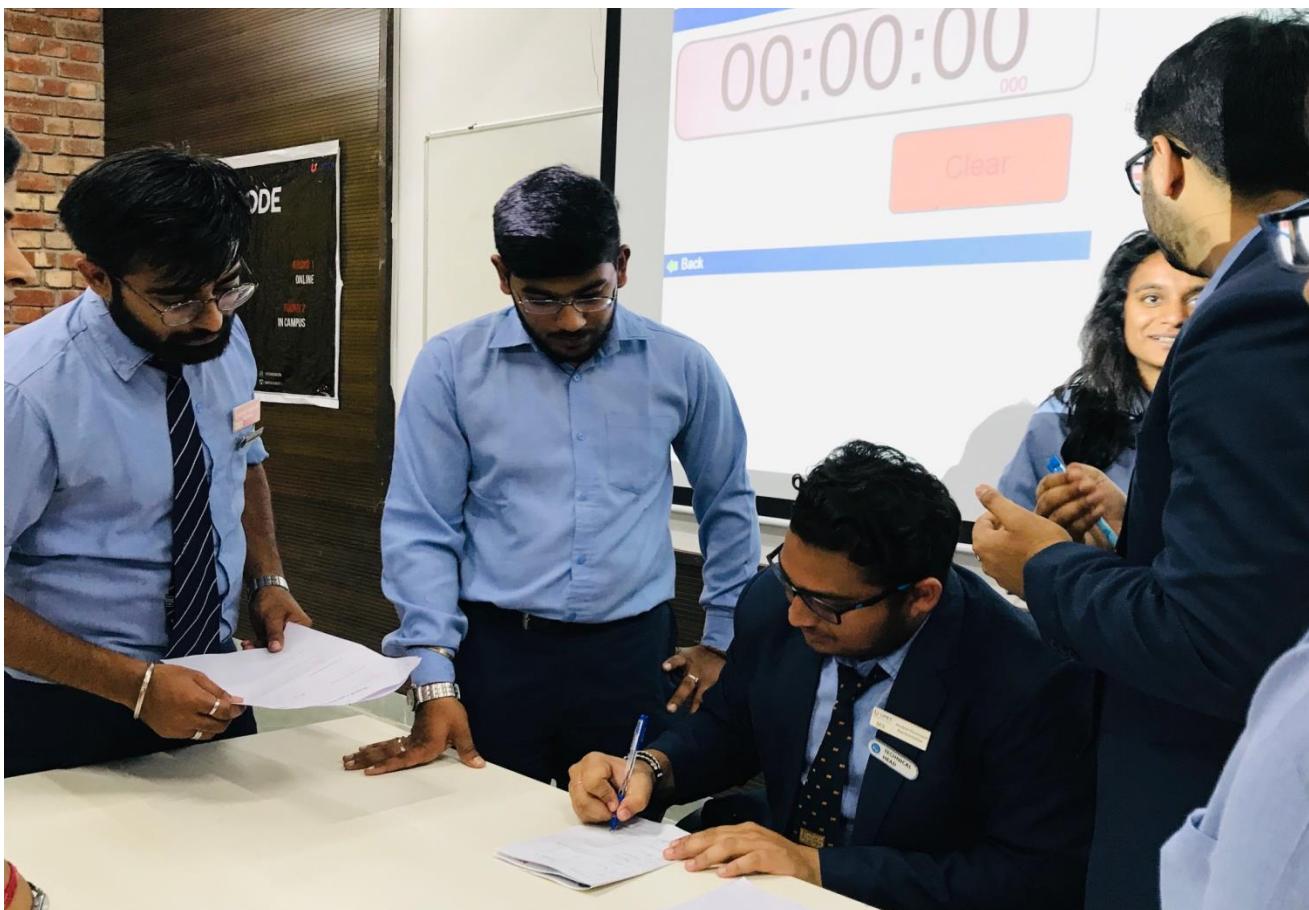

DO NOT FLIP

SKIP

EXTRA QUESTION

The team **winning each match** will then compete with the **winner** of the other match, thus at the end the winners of both the pools will compete each other in the **Final!**

EVENT SUMMARY

Event Date- Round 1(15th Apr '19), Round 2 (16th Apr '19)

Venue- Round 1(online @ www.classmarker.com), Round 2(11th Block,11207)

CSR ACTIVITY

CSR-Activity was conducted by team Hypervision at Nanda ki Chowki, Dehradun.

The team spent time playing games and teaching the children there, giving them a chance to learn.

Books, clothes and other donations were also made by **UPES**.

Events in collaboration with Societies

Hypervision has been collaborating with other societies to bring up events in campus for active participations from students and their engagement in various fields apart from focusing only on academics.

DEVCON

The event was organized in collaboration with Google Developer Students club on 25th October 2019.

Events that were a part of DevCon-2018:

- *Symposium*
- *techTalk*
- *TECHxhibit*
- *Fireside chat*
- *Mindlabs*

The events were conducted in Multi Activity Center (MAC).

DeBattle

The event was organized in collaboration with UPES-ACM student chapter under their Annual event Prodigy '19.

DeBattle, was a debate competition in accordance with the upcoming trends and their pros and cons in Information Technology Industry.

Entre-Hunt

Entre-Hunt, an event based on the seeking answers, was organized in collaboration with Entrepreneurship-Cell on 14th November '18.

The event had an aim of finding answers to questions with the clues being famous entrepreneurs and startups.

Recruitment Drive 2018-19

“Teamwork is a fuel that drives common people to attain uncommon results”

The recruitment drive for Hypervision was conducted on 26th and 27th of September 2018.

The recruitment process showed active participation from 100+ students for Technical, Public Relations, Editorial, Events, & Designing departments.

After the completion of the recruitment drive the Hypervision Family now stands with 65+ members.

Freshmen Orientation was held at Vivekanand Auditorium for all the new Team Members.
